

TERMS:  
ONE YEAR \$1.50  
SIX MONTHS 75

WEDNESDAY, JAN. 16, 1907.

Let the words of a virgin, though in a good cause, and to a good purpose, be neither violent, nor first, nor last. It is less shame for her to be lost in a blushing silence, than to be found in a bold eloquence.—QUARLES.

The recent demise of the Shah of Persia is much lamented. Three hundred widows bemoan his timely death.

South Carolina can aid in relieving the food shortage, and facilitate the movement of fertilizers, by unloading those thirty odd cars of liquor now standing on the side-tracks in Columbia.

We have not seen the text of Hon. J. W. DeVore's bill to amend the lien law, but if it will curtail the evils arising from the existing law, which it doubtless will, The Advertiser bids him God-speed.

The senate passed a resolution endorsing President Roosevelt's action in discharging the regiment of negro troops, but the House, while individually a majority of the members are said to approve of the resolution, refused to pass it.

Instead of being the "negro in the wood pile", it is now the negro in congress. Most of the long-winded senators are discussing the race question rather than whether the President was justifiable or not in discharging the negro regiment.

The bucket-shops must go. Nine bills prohibiting speculation in futures have already been introduced in the legislature. This indicates that the anti-bucket-shop sentiment is sufficiently strong over the state to bring about the passage of a prohibitory law.

Hon. M. F. Ansel took the oath of office yesterday and is now the governor of South Carolina. He is a Christian gentleman of decided ability and of unblemished character, and should be a credit to the state.

There has also been great difficulty in getting cars during the year to ship the phosphate rocks from the mines to the factory.

Capt. D. C. Heyward is no longer governor of South Carolina. After serving as the state's chief executive, with distinguished ability, for four consecutive years, he has now retired to the private walks of life. Governor Heyward's administration will not only reflect lasting credit and honor upon himself but it will be among the brightest pages in South Carolina's history.

Among the very foolish bills introduced last week by the lawmakers, was one to require railroads to transport students and to require farmers to sell wood and the produce of their farms to students at half the market price.

The senator from Charleston, has introduced a measure making the county Supervisor's term of office four years instead of two. This should become a law. At the expiration of a term of two years an officer has just reached the point where he can render the most efficient service. Furthermore, in obedience to an unwritten law, the people nine times out of ten will elect a supervisor for a second term. Then why not make the term four years and do away with so many elections.

Some persons oppose an income tax on the ground that it makes "liars" of men. Upon the same ground all taxes could be opposed. A mule is purchased to-day for \$200 and returned to-morrow at about \$50. Not a few individuals will have a snug sum in bank and possibly a pocket full of mortgages, and yet when returns are made for the year no "moneys or credits" are mentioned. The question of taxation has been a difficult problem for thousands of years, and will continue to be until Gabriel blows his trumpet.

If Senator Tillman could line up his constituents and take one of his "hand primaries" on his position on the Brownville affair, he would doubtless find that only an exceedingly small minority approve of his course. In his fearless and able management of the rate bill, he raised himself in the estimate of the country at large, but in his grossly inconsistent position on the discharging of the negro troops who murderously assaulted a Southern town he has lost a large measure of the prestige he had won.

The Advertiser welcomes Mr. W. L. Daniel and Mr. Joba M. Daniel, the new editors and proprietors of the Saluda Standard, into the ranks of journalism. These gentlemen are prominent young lawyers of the Saluda bar, and possess such gifts of mind and heart as to make ideal editors of a county paper. We congratulate the people of Saluda upon having these young men at the helm of their county paper. They deserve and should receive the hearty support of every citizen of the county, in order that they may make The Standard even a greater power in upbuilding that section intellectually, morally and materially.

**State Dispensary Over-Stocked.**  
The state dispensary board which was elected a year ago has been weighed and found wanting. Either the board is lacking in honesty, or in business ability—let us hope the latter. It is reported upon good authority, that all of the available space in the dispensary warehouses in Columbia is filled with liquor and that thirty-five car loads (consider these enormous figures) are now upon the tracks waiting to be unloaded. Furthermore, the state is paying a demurrage on these thirty-five cars. The question naturally arises, why this tremendous quantity of liquor? This over-stocking is prima facie evidence of mismanagement or that something is wrong somewhere. The paying of a large sum into the school fund just at the time the legislature convened was a master stroke on the part of the dispensary authorities, but that will be offset by the conditions above referred to.

**In and Around Parkville Before and After Christmas.**  
On December the 23rd one of Dr. Brown's entertainments was given in the Parkville Baptist church. The old preacher, a

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by heart disease, pneumonia, apoplexy, or failure of the kidneys. If kidney trouble is allowed to advance the kidneys will attack the vital organs of the body and the kidneys themselves break down and waste away cell by cell. Kidney troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MAY & TOMPKS

## The Great Ki-Wa Remedy

Is what kept the Japanese soldiers in such good fighting trim. Did you ever hear of it? If you never did, you soon will. We are now introducing it over the entire South. Will work a hundred towns in South Carolina. Our way of introducing it is both original and novel.

We authorize one good druggist in a town to sell 1,000 large \$1 bottles at 35c per bottle—or 3 bottles for \$1 for a short time just for advertising purposes thereby giving the public the difference between 35c and \$1 per bottle (\$550.00 on 1,000 bottles) instead of putting it into printing, testimonials, etc.

There are 2,000 lame backs in this country; 5,000 persons suffering with Dyspepsia, Kidney or Bladder troubles. During this sale (which closes Jan. 21st, 1,000 of them can test this great medicine at 35c a bottle or three for \$1. Three bottles (a full course) is all that one person can get at the above price. From now on there will be a rush to get in on this sale. All tracks will lead to

**Timmons Bros., Edgefield, S. C.**  
It is the best \$1 medicine on the market and remember you can get it during this sale for 35c after which it will be \$1.  
This sale will run up to Jan. 21st, unless 1,000 bottles are sold before that date. Don't take any chances of not getting a bottle if you value health. This medicine is made by the KI-WA REMEDY CO., Toronto, Canada, and Wilwaukee, Wis.  
Southern Branch, Clarksville, Tenn.

Remember that this medicine can be found at  
**Timmons Bros., Edgefield, S. C.**

Use All Animal Matter Ammoniates

**SWIFT FERTILIZER WORKS' High Grade Fertilizers.**

Office 911, 912, 913 Prudential Building, ATLANTA, GA.

TO FARMERS: For Cotton cultivation, a reliable fertilizer made strictly from ALL ANIMAL MATTER AMMONIATES, Dried Blood and meat and bone tankage, should be used. We use nothing else as an ammoniate. Swifts Reliable fertilizers will not eat the roots of plants in dry weather nor leach in wet weather, which can be attributed to Cotton Seed Meal fertilizers. Write us for our new 1907 booklet. Our fertilizers are dry and suitable for Drilling and always uniform in quality. Use Palmetto High-Grade 8-3-3. Planter's 8-2-2 for cotton and corn.

For Sale by W. W. ADAMS, Edgefield, S. C.

The Old Year has passed.  
The New Year is upon us
